Mendocino County Leadership Requests Input On Five-Year Strategic Planning Process That Will Help Guide The Work Of County Government Through 2027

The Board of Supervisors and other County leadership have been working with planning consultants since July to develop draft goals and objectives based on input from the Board of Supervisors, CEO, all Department Heads, staff from the Executive Office, interviews with individual employees, and employee focus groups. As a final step in this part of the process, we are scheduling virtual Town Hall meetings to solicit your input.

Each Town Hall will be held in a Zoom webinar format and focus on one foundational area of the Strategic Plan; the entire community is invited to attend any or all sessions.

Live-streaming will be available on both YouTube and Facebook.
