- **Mental Health:**

On August 31, BHRS recognized Overdose Awareness Day, by honoring and remembering those lost to overdose. BHRS shared information about overdose prevention and available resources to help raise awareness, reduce stigma, and support individuals and their families.

In September, BHRS recognizes Suicide Prevention Month and raises awareness throughout the community. September 10 is World Suicide Prevention Day, and September 13–19, 2026, is National Suicide Prevention Week.

This month and every day, is an important reminder to raise awareness about suicide risk factors, increase community comfort with seeking support and treatment for suicidal thoughts.

BHRS believes suicide is preventable. Normalizing conversations about suicide, recognizing signs and symptoms of suicide risk, increasing comfort discussing concerns with loved ones, and knowing where to go for support and resources can help prevent and reduce loss to suicide.

Suicide is the 10th leading cause of death in the United States, and 8th leading cause of death in Mendocino County.

If you or someone you know is experiencing a mental health or suicide-related crisis, support is available:

- 988 National Suicide Hotline: Call or text 988
- Mendocino County Behavioral Health Crisis Line: 1-855-838-0404

Throughout September, BHRS will share suicide prevention information and resources through social media and outreach and awareness activities. BHRS will also coordinate with NAMI Mendocino to honor those that died at Mendocino County's State Hospital. A memorial event is planned for the week of September 21 at the Russian River Cemetery.

- **Significant Projects/Brief Status:**

Assisted Outpatient Treatment (AOT): AB 1421/Laura's Law August 2026 Data:

Melinda Driggers, AOT Coordinator, is accepting and triaging referrals:

- Referrals to date: 177
- Total that did not meet AOT criteria: 123
- Total FY 26/27 Referrals: 0
- Currently in Investigation/Screening/referral: 0
- Unable to locate/Connect: 0
- Pending assessment to file petition: 0
- Settlement Agreement/Full AOT FY 26/27: 0

Notes: There are going to be discrepancies with the number of clients referred and clients that did not meet the criteria. Just because someone was not ordered into AOT does not mean they did not meet the criteria. There are times when the County files a petition and the client does not show up to court, a higher level of care is needed, the client chose to participate in BHC instead, they were incarcerated, the client left the area, etc.

Most of the referrals AOT receives are from service providers, which means the client is already connected to services. When the county AOT Coordinator can contact a client, she assists in connecting them with services they are interested in.

Unable to locate/connect with the client: Even if unable to contact the client, the AOT Coordinator does a record review and notifies mobile crisis, mobile outreach, crisis, and the jail discharge planner letting them know we have a referral and need to touch-base with the client. If it looks like the client is likely to meet the criteria, the AOT Coordinator

will put together an investigation report and send it for an assessment just in case they do have contact with the client.

○ **Lanterman Petris Short Conservatorships (LPS):**

The number of LPS conserved individuals in August 2026 was consistent with the previous months. The Public Conservator office and the placement team is always reviewing individuals in higher level of placements to work towards achieving their goals to be eligible for lower level of placements including independent housing. In August 2026, there were more clients placed out of county than in county due to needing higher level of care.

Number of individuals on LPS Conservatorships in August 2026: 71

- In County: 25
- Out of County: 46
- New: 2
- Discharged: 0

LPS Conservatorship:

A conservatorship established under the Lanterman-Petris-Short (LPS) Act to provide for individualized treatment, supervision, and placement of individuals who are gravely disabled as a result of a mental health disorder or impairment by chronic alcoholism (Welfare and Institutions Code Section 5350).

Grave Disability:

An individual may meet criteria for LPS conservatorship when, due to a serious mental health disorder, a severe substance use disorder, or a combination of both, they are unable to provide for their basic needs, including food, clothing, shelter, personal safety, or necessary medical care.

- **Substance Use Disorders Treatment Services:**

SUDT and Prevention have NARCAN, Fentanyl test strips, and Xylazine test strips in our lobby for easy access to the populations in treatment. There are also NARCAN, Fentanyl test strips, and Xylazine test strips in the main lobby for access to the public.

On August 5, BHRS SUDT and Prevention attended the Fentanyl High screening at the Point Arena Theater in partnership with the Mendocino County Office of Education. The event included screening, community conversation, and a question-and-answer session following the showing. NARCAN was distributed, and attendees received information on how to recognize an overdose and administer NARCAN. SUDT and Prevention is currently planning additional Fentanyl High screenings in Covelo and Willits in the near future.

SUDT continues to actively seek new grant opportunities. Additionally, SUDT is actively pursuing Prop 36 funding to support staff who have been completing screenings and assessments for individuals incarcerated or recently released from incarceration and who are referred under Prop 36 by the Public Defender's office and/or courts.
