Project Title: North Bay Forest Improvement Program – Cressman

Project Applicant: Julian Cressman

Project Location: APN: 123-020-170; T16N, R17W, Section 21

City: Albion

County: Mendocino

Description of Nature, Purpose, and Beneficiaries of Project:

Approximately 9.2 acres are to be treated on the Cressman property. Treatments will include thinning small-diameter trees and competing vegetation, pruning lower limbs, and treatment of resulting slash through pile burning. The project is intended to reduce hazardous fuels and ladder fuels, improve forest health and stand resilience, and promote desirable native vegetation while retaining healthy overstory trees. Treatments will follow project-specific best management practices for protection of watercourses, wildlife, and other sensitive resources. Treatments were developed using recommendations from a Forest Management Plan prepared by a Registered Professional Forester.

Reason Why Project is Exempt:

This project qualifies for a Categorical Exemption under CEQA Guidelines Section §15304 Minor Alterations to Land. The exemption applies to fuel management activities including pruning and thinning that result in minor alterations to vegetation and do not involve the removal of healthy, mature, or scenic trees. Project activities will not result in a substantial alteration of the current function of the land. Project-specific review identified sensitive resources in the vicinity, and applicable avoidance measures and best management practices will be implemented to protect watercourses, wildlife, and other sensitive resources.
