- 3a) **Approval of Minutes of March 12, 2026, Special CCP Meeting–Budget Workshop**
Motion to approve minutes as written. Motion by Mick Hill. Seconded by Thomas Corning. Passed unanimously with the Courts abstaining.
- 3b) **Approval of Minutes of February 13, 2026, Regular Meeting**
Motion to approve minutes as written. Motion by Matt Kendall. Seconded by Thomas Corning. Passed unanimously by Izen Locatelli and Karen Lovato as they were the only members present at the meeting.
- 3c) **Receive the CCP Data Element Update from Staff**
No action needed on this item.

4. **Community Corrections Partnership (CCP) and Member Matters**

- 4a) **Approval of Amendment to Proposed Community Corrections Partnership (CCP) Budget for Fiscal Year (FY) 2026-27 to Include Additional Funds up to \$50,000 to Reimburse the Sheriff's Office for Costs Associated with Hospitalization Transportation Costs for AB109 Related Detained Individuals**
Izen explains that this additional amount will help reimburse the Sheriff's Office for costs associated with hospitalization transportation costs for AB109 related detained individuals. Izen also explained what happened at Board of Supervisors and why this is on today's agenda. If for some reason the Sheriff's Office goes over this \$50,000 these costs will come back to this board for approval. Also, if there is a disagreement between the Sheriff's Office and Probation for any costs it will be brought to this board to help decide.

Motion to approve by Thomas Corning. Seconded by Matt Kendall. Passed unanimously with the Courts abstaining.

- 4b) **Receive Update on Board of Supervisor's Agenda Item on April 21, 2026 Requesting Approval of the Recommended Community Corrections Partnership (CCP) Budget for Fiscal Year (FY) 2026-27 in the Amount of \$8,700,629, Excluding Growth Funds; Authorization for the Chief Probation Officer to Update the Approved Budget by the Amount of Growth Funds Received, if any, Less Mandated Allocation to the Local Innovation Subaccount, by Designating the Funds as Contingency or Reserve, and Authorization for the Chief Probation Officer to Implement the CCP Budget.**

No action required for this item. BOS approved this budget as is. No questions or further discussion on this item.

4c) Receive Fiscal Update on AB109 Funding for FY2025-26

No action required for this item. Cathy White went over the up-to-date numbers for FY 25/26 and explained that any leftovers will carry over to FY 26-27. According to Izen we have low reserves. Izen explains the difference between reserves and contingencies so that everyone can have a full understanding of the numbers and what they mean.

4d) Approval of Request for Reimbursement to the Sheriff's Office in the Amount of \$5,077.96 for Costs Associated with Supervision During Hospitalization for an AB109 Related Detained Individual Between April 6 and April 12, 2026, Utilizing FY2025-26 Contingency Funds

Sheriff Kendall went over the reason for this cost and a copy of the invoice included on page 55 to explain the full breakdown of the cost. Sheriff Deputies and armed guards were needed to supervise an individual who is a AB109 client while they were at the hospital.

Motion was made to approve the Sheriff's request for \$5,077.96 by Jenine Miller. Seconded by Thomas Corning. Unanimously approved with the Courts abstaining.

4e) Provide Update on Staffing of Department Analyst II Position (Grants) Approved by CCP Executive Committee at the May 15, 2025, CCP Meeting

Izen tells everyone that Oscar Murrillo has a start date of Sunday, May 24, 2026. He will have orientation on Tuesday, May 26, 2026, and his first day in the office will be on Wednesday, May 27, 2026. Oscar will be attending two training courses in June for Grant writing/management and all things grant related. He will be learning AmpliFund from the County's Executive Office.

Izen tells everyone that we would like to get a point of contact for each department for Oscar to be able to reach out to. We are asking everyone to have patience while he learns this position. Oscar will be looking for all kinds of grants that will benefit the CCP group, not just Probation. While learning it will be good for him to find out what grants each department already has and how those grants are being used and tracked.

The Courts are wanting to know if Oscar will help look and write grants for the Courts since the Courts don't use County dollars. Also, if grants are there, we will discuss

them with this group to see if it could benefit more than just one of the departments. The response is that we will investigate this and let the Courts know.

Grant Contact Person for Each Department:

Mick Hill for Public Defender
Kim Turner for the Courts
Joy Beeler for BHRS
Max Brazil for UPD
Megan Zaied for MCSO

4f) CCP Executive Committee Members Report on Items of General Interest

MCSO – Still working on the opening of the Behavioral Health wing of the jail. They are also still working on contracts for services that will be offered in the jail. Personnel staff numbers in the jail are high and inmate numbers are low.

UPD – None

BHRS – They are hopeful that the PHF Unit will open by the end of the summer.

RestPadd is bringing in people to work at this facility. There will be 16 beds that will be for people 18 and over only. Jenine explains why they have to stay at 16 beds and the age limit being due to federal laws. They are making sure that the facility will be covered by MediCal funding, as this is what is mostly needed in Mendocino County. June 8th will be the start date for the Fentanyl campaign in Mendocino County. They are working with the opioid task force and law enforcement partners to get billboards up with their badges and the County's logos. They want to start with awareness and then get an educational campaign with this. They want to get a board in the Fort Bragg area and stuff put on the buses. Meth is still one of the #1 deadly drug in Mendocino County. They are also going to start looking at alcohol-related deaths, this is something that most counties don't look at and don't talk about. Mendocino County has high numbers of liver disease related deaths compared to the rest of the state. They want to do educational things to share the long-term effects of alcohol. The Governor is cutting funding for the Mobile Crisis program.

PD – None

Courts – The new courthouse is halfway through construction, at this point it seems to be running on time and coming in on budget. The project end date is July 14, 2027, but it may be open sooner. Public safety is their #1 goal with this courthouse and environmental sustainability is important too. They are also trying to reproduce the murals from the old courthouse and keep some of the old furniture, paintings, and documents to display and preserve the history of our County. They are hopeful that Veteran's Court will start on July 1, 2026, but they probably won't meet that date. There will be pre-conviction for Veteran's Court. A lot of these Veterans are in

Behavioral Health Court. Judge McCurry, the judge running this is a Veteran himself. They are also trying to create resources and really help these folks.

Probation – Izen shares a CPOC letter about pretrial. Even though they are showing an increase in pretrial numbers the governor is cutting a \$70M program to \$50M program. Mendocino County isn't in as bad of a position as other counties thanks to the Courts understanding what the department will and won't do. CCP has been offsetting costs caused by the cuts to AB109.

Non-Executive Committee Member Announcements

GEO – They will be holding a graduation tonight at the Behavioral Health Training Center in Redwood Valley, they have a total of 7 graduates. They are planning on doing a sober BBQ.

- 4g) Review and Discuss Requests for Items to be Included on Future Agenda, Including Agenda Date(s), and Give Direction to Staff as Needed**
None

Adjournment:

Adjourned at 1:00 PM.
